PROFESSIONAL PROFILE

A dedicated Yoga Instructor and Therapist with a specialized focus on Women's Holistic Health and Yoga Therapy. Combining the traditional mindfulness of the Sri Sri lineage with advanced therapeutic protocols from Shiv Darshan, I provide personalized care for chronic lifestyle conditions. Proven success in guiding students to achieve overall health improvements by incorporating general fitness and mental well-being, leading to results such as overcoming chronic pain, achieving significant weight management, and regulating hormonal health with a patient, results-oriented approach.

CORE COMPETENCIES

- **Therapeutic Yoga:** Therapeutic Protocols for Hypertension, Diabetes, Asthma, and Spondylitis; Women's Wellness & Hormonal Balance.
- **Specialized Techniques:** Pain Management, Senior Yoga (Active Aging, joint mobility), Deep Relaxation (Yoga Nidra and Meditation).
- **Instruction:** Experienced in delivering 1:1 remote sessions for international clients; Virtual Class Management, Safety & Alignment.
- **General Yoga & Fitness:** Instruction for overall fitness and healthy living.

TEACHING METHODOLOGY

A holistic, results-driven approach combining traditional mindfulness with advanced therapeutic application.

- **Personalized Therapeutic Focus:** Customizing 1:1 programs based on *Shiv Darshan TTC-1* principles, emphasizing safe, alignment-focused movement and lifestyle guidance for chronic conditions (e.g., Hypertension, Diabetes, hormonal imbalances).
- **Integrated Wellness:** Integrating *Sri Sri School of Yoga* mindfulness, breath-led techniques, and deep relaxation (Yoga Nidra, Meditation) for stress reduction and mental well-being.

- **Adaptive Instruction:** Tailoring sessions for diverse populations, including curating gentle mobility for active seniors and incorporating cognitive-enhancing activities for children's yoga.
- **Remote & Global Delivery:** Expertise in virtual class management and delivering specialized 1:1 remote programs for international clients.

TEACHING EXPERIENCE

Private Yoga Instructor & Yoga Therapist | *Independent Practice* | March 2025 – Present

- **Women's Health & Wellness:** Guided students to restore regulated menstrual cycles and successfully manage long-standing hormonal imbalances and achieve significant weight loss.
- **Chronic Pain Recovery:** Successfully treated chronic pain, restoring a student's ability to walk for one hour daily without pain after a one-year history of severe heel spurs.
- **Yoga Therapy Applications:** Applied TTC-1 Shiv Darshan principles to assist students in managing Diabetes and Hypertension through safe, alignment-focused movement and lifestyle guidance.
- **International Coaching:** Managed 1:1 remote programs for international clients, specializing in stress reduction and breath-led wellness.
- **Senior Wellness:** Curated gentle mobility sessions for practitioners (60+), focusing on maintaining independence, balance, and physical vitality.

Associate Yoga Teacher | *Community-Based Practice* | September 2024 – February 2025

- Co-facilitated group sessions for 10+ practitioners in a local community setting.
- Taught children's yoga, integrating activities designed to enhance cognitive function and focus.

STUDENT SUCCESS & IMPACT

Hormonal Health & Weight Management

- **Therapeutic Focus:** Addressing chronic irregular menstrual cycles and long-standing hormonal imbalances through targeted yoga therapy.
- **Measurable Outcome:** Achieved a **12kg weight loss** and restored complete cycle regularity within months of consistent practice.
- **Student Feedback:** *"This guidance has been life-changing. I have not missed a single period since starting, my health has improved significantly, and I lost 12kg in a sustainable way. She didn't just train me; she helped me heal and rediscover myself."*

Chronic Pain Recovery & Mobility

- **Therapeutic Focus:** Managing severe heel spur pain in both legs (1-year duration) that limited mobility and required constant use of footwear.
- **Measurable Outcome:** Significant pain reduction within 3 months, enabling the student to walk at a fast pace for **one hour daily**.
- **Student Feedback:** *"Before joining, I had spur pain in both legs for one year... Now my pain has reduced so much that I can walk fast for an hour every day. I feel more relaxed and peaceful."*
